

# Biofuel Research Journal

DOI: 10.18331/BRJ2015.2.3.1

## Aims and Scope

**Biofuel Research Journal (BRJ)** is an open access online journal and completely free-of-charge publishes original articles, review articles, case studies, and short communications on the fundamentals, applications, processing, and management of biofuels technologies.

The journal's aim is to advance and disseminate knowledge in all the biofuel-related areas of biodiesel, bioethanol, biobutanol, biogas, biomass, algae, bioreactions, bioreactors, membrane-bioreactors, fermentation, biorefinery (e.g. membrane separation technology), bioprocess, applied microbiology, combustion, and bioresource technologies associated with conversion or production of biofuels. Moreover, novel and integrated biofuel processing and hybrid systems as well as energy audit for biofuel production plants are of interest. The journal also seeks to publish articles with a focus on carbon footprint analysis, strategies for limiting green house gas (GHG) emissions, life cycle assessment (LCA) and exergy analysis of biofuel production/application pathways, compliance with the international standards (such as PAS 2050:2011 and ISO 14040:2006), technoeconomic analysis of biofuel production/application, and promotion of biofuel applications in the developing world for indigenous development.

BRJ calls for papers that cover the following fields:

**Biofuels: biodiesel, bioethanol, biobutanol, biogas, etc.**

**Biofuels production, modeling and economics**

**Bioprocesses and bioproducts:** Bioreactions, biocatalysis, bioreactors, membrane-bioreactors, modeling and optimization, scale-up, supercritical technology, ionic liquids, and fermentations.

**Biomass and feedstock utilization:** Bioconversion of agro-industrial residues.

**Biorefinery:** Membrane separation technology, adsorption, solvent-extraction, etc.

**Environmental protection:** Simultaneous biological waste treatment and biofuels production, clean development mechanism.

**Thermochemical conversion of biomass:** Combustion, pyrolysis, gasification, catalysis.

**Algal biofuels and energy crops including energy crops genetic engineering**

**Carbon foot-printing analysis and strategies for limiting green house gas (GHG) emissions:** Life cycle assessment (LCA) analysis of biofuel production/application pathways, Exergy analysis of biofuel production/application pathways, and Compliance with the international standards (such as PAS 2050:2011 and ISO 14040:2006).

BRJ also covers the following fields:

- Process scale-up and economic analysis
- Process integration and zero discharge strategies
- Resource recovery
- Water-energy balance improvements
- Energy audit for biofuels production plants
- Biofuel applications in the developing world for indigenous development
- Technoeconomic analysis of biofuel production/application

## Editor-in-Chief

Assist. Professor Meisam Tabatabaei, Biofuel Research Team (BRTeam), Agricultural Biotechnology Research Institute of Iran (ABRII), Fahmideh Blvd., P. O. Box: 31535-1897, Mahdasht Road, Karaj, Iran, Tel: +98-913-286-5342, E-mail: meisam\_tabatabaei@abrii.ac.ir

## International Advisory Board Members

Professor Yusuf Chisti, School of Engineering, Massey University, Private Bag 11222, Palmerston North, New Zealand, Tel: +64-6-350-5934, E-mail: y.chisti@massey.ac.nz

Professor Ahmad Fauzi Ismail, Advanced Membrane Technology Research Centre (AMTEC), Universiti Teknologi Malaysia 81310, Skudai, Johor, Malaysia, Tel: +607-553-5592, E-mail: afauzi@utm.my

Professor Seeram Ramakrishna, Mechanical Engineering Department, National University of Singapore (NUS), Singapore, Tel: +65-6516 2216, E-mail: seeram@nus.edu.sg

## Editorial Board Members

Allakhverdiev, Suleyman

*Institute of Plant Physiology, Russian Academy of Sciences, Russia*

Aroca, Germán

*School of Biochemical Engineering, P. Universidad Católica de Valparaíso, Chile*

Bux, Faizal

*Institute for Water and Wastewater Technology, Durban University of Technology, South Africa*

Hosseini Salekdeh, Ghasem

*Agricultural Biotechnology Research Institute of Iran (ABRII), Iran*

Hubbe, Martin A.

*NC State University, NC, USA*

Karimi, Keikhosro

*Chemical Engineering Department, Isfahan University of Technology (IUT), Iran*

Kennes, Christian

*Universidade da Coruña, Spain*

Kumar, Sandeep

*Civil & Environmental Engineering Department, Old Dominion University, USA*

Lee, Duu-Jong

*College of Engineering, National Taiwan University of Science and Technology (NTUST), Taiwan*

Luque, Rafael

*Universidad de Córdoba, Spain*

Marx, Sanette

*School of Chemical and Minerals Engineering, North-West University (NWU), South Africa*

Mohammadi, Ali

*Toyota Motor Europe-Belgium, Belgium*

Najafpour, Ghasem

*Babol Noshirvani University of Technology, Babol, Iran*

Pandey, Ashok

*Centre for Biofuels & Biotechnology Division*

*CSIR-National Institute for Interdisciplinary Science and Technology, India*

Rashidi, Alimorad

*Research Institute of Petroleum Industry (RIPI), Iran*

Rismani-Yazdi, Hamid

*Massachusetts Institute of Technology (MIT), USA*

Taherzadeh, Mohammad J

*University of Borås, Borås, Sweden*

Van Loosdrecht, Mark

*Delft University of Technology, The Netherlands*

Wang, Yong

*School of Chemical Engineering and Bioengineering, Washington State University, USA*

Younesi, Habibollah

*Department of Environmental Science, Faculty of Natural Resources & Marine Sciences, Tarbiat Modares University, Iran*

## Publication Policy

*Biofuel Research Journal* (ISSN 2292-8782). Articles published in *Biofuel Research Journal* are published at no processing charge and will be Open-Access articles distributed completely free-of-charge under the terms and conditions of the Creative Commons Attribution License.

**Claims and journal enquiries:** please contact the **Editorial Office** (Managing Editors: Abdelaziz Emad Atabani, and Marzieh Shafiei) at <editorial@biofueljournal.com>.
